CLIMB ABOARD EL GALEÓN

a 17th Century Spanish galleon replica

The El Galeón will be docked at the Barbican Landing Stage, from 13 to 17 September. This amazing tall ship is an impressive 162ft-long (49m) vessel, one of the world's only two replica galleons, and is essentially a floating museum. Subject to weather conditions. Booking required on the El Galeón website or The Barbican Landing stage ticket office.

If we all picked up one piece of litter a day there would be 300 million fewer pieces damaging our planet.
